

Pump Up Your Rating

IM Axel Smith har skrevet en bog med titlen Pump Up Your Rating. Bogen er lige udkommet og præsenteres i Lund den 22. oktober. Bogen udgives på Jacob Aagaards forlag Quality Chess.

Axel har givet et eksemplar af bogen som præmie til den spiller, der opnår størst ratingfremgang i løbet af Xtracon Grand Master 2013, helt i overensstemmelse med bogens titel.

Bogen uddeles af Axel på søndag den 20. oktober, umiddelbart før runde 9 starter. Ratingfremgang beregnes som den elo-difference, der fremgår af turneringsskemaet efter runde 8.

Har flere spillere den samme ELO-difference, vinder spilleren med den laveste startrating. Bogen kan kun vindes af spillere med ELO-tal.

IM Axel Smith has written a book with the title Pump Up Your Rating.

The book has just been released and will be presented in Lund next Tuesday.

The publisher is Quality Chess.

Axel will give a copy of the book to the player with the highest gain of rating in Xtracon Grand Master 2013, in accordance with the title of the book.

Axel will give the book away on Sunday, just before the start of round 9.

The gain of rating is calculated as the ELO-difference, shown on the tournament table after round 8. If two or more players have the same difference, the player with the lowest rating before round one will win the book. Only players with ELO can win the book.
